City Tour and Dinner at Lazzarone Handmade Pizzas

Day two was National World War 1 Museum & Memorial Tour Lunch

Dinner at Jack Stack BBQ, a Kansas City Style BBQ Restaurant

Bruce , Leon, Gary, Hillard

Tom & Carolyn were taking the Stairs, we chose the Escalator.

The KC Train Station was Built in Grand Style. Railroads were the only way to travel in style and comfort. Today's Air Travel gets you there fast, it's not comfortable and forget the style.

Our Guide Pointed out the Bullet Holes in the Exeter walls that were part of a Gang Land Execution back in the 1920's, KC was in hard competition with the Mob in Chicago back then.

Trish & I have visited a number of Train Stations in DC, LA, Salt Lake City, Chicago, Denver and Seattle. This has to be one of the Best .

Kansas City is Famous for their BBQ and we had the opportunity to try out two different BBQ styles of cooking

ARABIA STEAMBOAT Struck a Snag that ripped her bottom out, and she sank slowly in deep water. She was full of Supplies . She sank into the Mud of the River and was buried preserving all the Supplies like new. The River changed course and 100 years later a farmer ran into the ships mast of the Arabia Steamboat 20 miles from any river. What a Find.

The KC Reunion group was one of the smallest we've had in years. I believe we saw more and had more participation from everyone, and We left KC feeling that we had some real quality time with everyone attending.
